Report

After a 2-year gap due to the pandemic we decided to run the Albion again this year. Whilst numbers were understandably down we had a good turnout from a wide range of clubs.

When we left home there was frost on the car, however the day turned cold but bright with light winds and some sunshine – a good shooting day. With no significant rain in the past few days the field was nicely dry by the time shooting started at 10:45.

Rather than sitting around twiddling my thumbs I took on the roles of field captain and tournament organiser again this year. Kathy took on a lot of the background organisation, including getting the trophies returned, buying prizes, the raffle and many of the other myriad things that go to putting on a successful tournament.

The field party were setting up from before 8:00, and by assembly the field was looking good; we had 11 targets and 43 booked to shoot. On the day 40 archers took part - 8 ladies, 31 gents and 1 junior gent - shooting a mix of longbows (11), barebows (3), recurves (14), and compounds (12).

With assembly at 10:30 and last arrow at about 16:15 the shoot went smoothly with no major holdups (no lost arrows but a few lost piles) and had a relaxed and friendly feel – a great start to the season especially as many competitors had not had a chance to do much shooting the last 2 years.

Ends were shot without whistle-controlled details, and the feedback from the archers was that it had been a fun, enjoyable day - whilst not yet confirmed it appears that a Junior County Record may have been broken!

We had decided to donate the profits from the raffle to the Ukraine appeal this year. This was heartily welcomed by all the archers who made additional donations when buying tickets – we raised £205.

A big thank-you is owed to the Bath Archers who came to help set up, run, and take down at the end, the competitors who helped move and put away targets, and everyone else who worked very hard make the day the success it was.

I must also thank our Lady Paramount, Kathy Hammond for presenting the prizes and, of course, the competitors for making the day so enjoyable.

Finally, congratulations to our winners and thanks to our competitors – I will not be TO for the Albion next year but hope to see you soon.

Good shooting

After the prizegiving it emerged that the scoresheet for Mr George Pengelly had been incorrectly totalled. His score should have read 108 / 930 / 88, which would have placed him second, with Mr Chris Hole and Mr Tony Newland sharing 3rd. As Mr Pengelly had accepted and signed for the score of 830 he insisted that the results stand. Thank you, George.
